# Global Partnership Monitoring Framework

---

*UNDP-OECD joint support team*

Asia Regional Workshop, 25 August, Dhaka, Bangladesh

# Outline

1. **Global Partnership monitoring framework: approach and indicators**
2. Updates on new indicators and opportunities for engagement on global indicators
3. Process: timeline and support available

# Why a global monitoring framework?

**SUPPORT  
ACCOUNTABILITY**

**SERVE AS A  
REFERENCE POINT  
FOR COUNTRY  
LEVEL  
FRAMEWORKS**

**STIMULATE  
BROAD-BASED  
DIALOGUE AND  
LEARNING**

# Approach to global monitoring

- Focus on **behaviour change** that matters for development
- **Rolling basis**: progress **reports** for ministerial meetings
- **Country leadership** - data collection grounded in existing national monitoring processes
- **Continued support** through operational guidance and help desk
- **Voluntary** participation in monitoring efforts

# What is being monitored?

## INDICATORS drawing on GLOBAL level processes

2. **Updates on new indicators and opportunities for engagement on global indicators**
3. Process and timeline and support available

# Update on New Indicators and Opportunity for Engagement (1)

## Results

- Scope: progress in using developing countries' results frameworks + M&E systems with view to strengthen country results framework and their associated M&E systems and strengthening ownership and accountability based on country's results.
- Three dimensions to be assessed:
  - Use of objectives and targets from the national development strategy
  - Use of country's M&E systems (incl. Statistics) (looking at providers' reporting processes)
  - Alignment of actual programme delivery from design to reporting (looking at providers' use of PBAs)
- Draft indicator proposal for consultation and piloting: early September
- Indicator to be piloted in a limited number of countries in Sept/October–  
Need to identify opportunities for broader consultation (e.g. DCF)

# Update on New Indicators and Opportunity for Engagement (2)

## Enabling environment for CSOs

- Scope: progress in strengthening the enabling environment for CSOs
- Challenges in constructing an indicator due to data availability on sub-dimensions related to Busan commitments
- Draft discussion paper on the CIVICUS Enabling Environment Index under final review by CIVICUS
- Engagement through country-level dialogue on CIVICUS index and CPDE complementary multi-stakeholder work

## Private sector engagement and contribution to development

- Scope: quality of public-private sector dialogue as a proxy
- Draft proposal under consultation (feedback by end August)
- Indicator to be piloted in a limited number of countries (September/October)
- Need to identify opportunities for broader consultation to validate methodology (Sept/Oct.)

# Update on New Indicators and Opportunity for Engagement (3)

## ***Transparency***

- Scope: progress in implementing the common, open standard
- To be assessed: *timeliness, comprehensiveness and forward looking nature of information*
- Draft indicator proposal ready for consultation: end of August
- Consultation through OECD/DAC (WP-STAT), IATI and ad hoc group on the common standard
- Desk work to be undertaken in September/October

## ***Gender***

- Indicator piloted by UN Women in 15 countries and rolled-out in 20 countries
- Methodology available for broader use at country level
